

Environmental Manufacturing Policy

It is our mission to offer ecofriendly products that are safe for our customers and our environment. Some of the ways we strive to be environmentally responsible include:

Lower Energy Consumption:

- Turning off lights to conserve energy
- Scheduled sleep and screen saver modes for devices
- Energy efficient light bulbs

Waste Reduction:

- Recycling paper, pallets, cores, plastics and cardboards
- Trying to eliminate printing and copying to reduce paper use
- Use recycled poly bags in individual packaging
- Use recycled cardboard boxes for bulk shipments

Chemical Reduction:

We use environment-friendly cleaning products such as...

- Use Vinegar and water for counter tops

USTRIVE Manufacturing, hope for the next generation.
